Glaive

I feel like I've been dumb so long
Yeah, I feel like I've been done so wrong
And I made my own mistakes, so what?
'Cause even if I fall apart today
I know you'd be there all along the way
Yeah, even if I lost it all today
I know you'd be the...

Prettiest girl that I've ever seen
I find it quite unsettling, really gotta get a grip
UK bitches, ketamine, but I see you in everything
Pretty bitches, let 'em in, know that we with anything
Ss03 veteran, I'm throwing up the set again
I'm throwing up the...

I'm throwing up the set again
Back just like I never left
Back just like I never left
Back just like I never left
Back just like I never left

I want to be honest
'Cause I know you're on it
And I don't know how we got here
Don't know why you're not here (One, two, it's me, let's go)
Don't know why you're not clear (I wanna)
I want to be honest (One, two, it's me, let's go)

UK bitches, ketamine
Nah, UK bitches, let 'em in
Ah, ah, ah, ah, ah
Don't wanna feel this type of way
Ah, ah, ah, ah
Don't wanna feel this type of way
Ah, ah, ah
Don't wanna feel this type of way
Ah, ah, ah, ah

Don't wanna feel this type of way
Two-S, 03, United way
Two-S, 03, the only way
It never happens if you wait
But if it happens, then be safe
Ah, ah, ah, ah
Try not to dwell on your mistakes
Ah, ah, ah, ah
I-I want to tell you you're the

Prettiest girl that I've ever seen
