

## walking around with no hands

Glaive

I told em good luck have fun  
Don't give a fuck  
I've been thinking too much  
About how it was  
I got no time  
I gave it enough  
Bitch I'm young and dumb  
Bitch I'm dumb  
Bitch I'm  
Bitch I'm

Walking around with no hands  
Yeah I need time in advance  
As soon as I get home baby we should blow through some bands  
I'll clear my plans when I land  
Walk in that bitch like the man  
I bet you won't understand  
I bet you won't understand  
Walking around with no hands  
Yeah I need time in advance  
As soon as I get home baby we should blow through some bands  
I'll clear my plans when I land  
Walk in that bitch like the man  
I bet you won't understand  
I bet you won't understand

(Oh oh oh)

(Ay)

From the cheap romances  
To the nervous glances  
I don't know exactly  
But I know that it happened  
I got scared to ask  
Cause that's a daunting task  
I got stuck in my past  
From when, when I was ash  
I got hung up on hurt  
That I did not deserve  
I got hung up on words  
That you ain't ever earned

Stop, I said fuck you and your friends  
'Cause I got options  
They say the spotlight drives you crazy  
Guess I lost it  
It was a dark night in the city and I lost them  
It ain't no talking no flodging  
I'm off it

Walking around with no hands  
Yeah I need time in advance  
As soon as I get home baby we should blow through some bands  
I'll clear my plans when I land  
Walk in that bitch like the man  
I bet you won't understand  
I bet you won't understand  
Walking around with no hands

Yeah I need time in advance  
As soon as I get home, baby, we should blow through some bands  
I'll clear my plans when I land  
Walk in that bitch like the man  
I bet you won't understand  
I bet you won't understand
