

# Waterfalls Coming Out Your Mouth

Glass Animals

Drip drop  
Gimme what you got  
Your talk  
Is incredible  
So, so, so unusual  
You taste like surfing videos

I'm going to read your mind  
(Big dicks and big ol' titties on the sly)  
Say I got Aries eyes  
(f\*ck no, I'ma a bonafide Aquemini)

Oooh, who you hiding?  
White Russians and dirty diamonds  
You fake your shyness  
I just wish that I could see through you

Cheap booze  
Pepsi blue  
You got bottles in from 2002  
Hot glue  
Vape juice  
Hit undo, how the hell are you so cool?

Drip drop  
Gimme what you got  
Your talk  
Is incredible  
So, so, so unusual

You taste like surfing videos

It's chemical warfare  
Red lips and television eyewear  
Raspberry soda hair  
In the pool in a blow-up gummy bear

Fake youth  
Scooby Doo  
Push pops on the corner of the roof  
Fruit Loops  
Super food  
Chat shit but where's the real you?

Never seen The Price Is Right  
I'm a liar, I've been on that shit since '99  
You make me like a clown  
Clap clap, you're a clever, clever cookie now

Waterfalls coming out your mouth  
What the hell are we doing now?  
Waterfalls tearing you apart  
What hell are we doing now?
