

# Addicted To Pain

Glass Tides

You think you know me all so well  
Remember thoughts that I would never tell  
Is it fate that we were left alone and couldn't help ourselves?  
I don't want to let you go  
I'm just scared to be alone  
I'm still holding on cause nothing feels this perfect when you're gone

I'm falling out of my head again  
And I'm so hung up on you  
I'm trying not to stare again  
But I'm not sure what to do  
When I'm with you

I'm coming off as second best  
Your cover ups are just a fucking mess  
But I'm still standing here cause  
I've got no worth and I've lost all self respect  
I think it's time to let you go  
When I feel I'm more alone  
I'm still holding on cause  
I'm the one that's losing all control

I'm falling out of my head again  
And I'm so hung up on you  
I'm trying not to stare again  
But I'm not sure what to do  
When I'm with you

It's my fault  
You're not here  
I'm addicted to pain  
I found hate  
In myself  
That I'll never escape

It's my fault  
You're not here  
I'm addicted to pain  
I found hate  
In myself  
I'll never escape

I'm falling out of my head again  
And I'm so hung up on you  
I'm trying not to stare again  
But I'm not sure what to do  
When I'm with you

It's my fault  
You're not here  
I'm addicted to pain (When I'm with you)  
I found hate  
In myself  
That I'll never escape

It's my fault  
You're not here

I'm addicted to pain
