

# Crawling

Glass Tides

While I'm searching for myself  
I'm loosing someone else  
Can't we just make up the answers?  
Scared of what I might become  
Or who I always was  
I'm fading in the darkest places

Alone and afraid

Feeling like we're not okay  
Simple but broken  
I'm still hoping I find a  
Reason for you to stay  
Pieces are falling  
Scars are haunting me and I'm  
Crawling back to my old ways

I found comfort in the pain  
To let you slip away  
But someone else is not the answer  
Is it best for me to stay?  
Or should I turn and walk away  
I'm in fading in the darkest places

Alone and afraid

Feeling like we're not okay  
Simple but broken  
I'm still hoping I find a  
Reason for you to stay  
Pieces are falling  
Scars are haunting me and I'm  
Crawling back to my old ways

I'm feeling  
So taken  
Mistakes that  
I'm making

I'm feeling  
So taken  
Mistakes that  
I'm making

Feeling like we're not okay  
Simple but broken  
I'm still hoping I find a  
Reason for you to stay  
Pieces are falling  
Scars are haunting me and I'm  
Crawling back to my old ways
