

Well, you're the one that kept me high
When life was low you made me fly
The smokey view and bloodshot eyes
Yeah, you're the one that kept me

Yeah, yeah, I feel like dying
Yeah, yeah, I know I'm trying
Yeah, yeah, I don't want nothing
Yeah, yeah, am I above it?

I don't like fighting
Higher, higher

I'm losing track of time and day
My body starts to fade away
My mind is brighter than before
The pain is knocking at my door

I feel it coming
I'll rise above it

Yeah, yeah, I feel like dying
Yeah, yeah, I know I'm trying
Yeah, yeah, I don't want nothing
Yeah, yeah, am I above it?

I don't like fighting
Higher, higher

I feel it starts to drift
The warmth I need to make you stay
A key to open up my mind
Or slip into an endless night
I think it's time to say

Yeah, yeah, I feel like dying
Yeah, yeah, I know I'm trying
Yeah, yeah, I don't want nothing
Yeah, yeah, am I above it?

I don't like fighting
Higher, higher
