

Imposter

Glass Tides

I wanna give everything
But I'm holding onto memories
Their pulling at my throat

I see it the worst in me
Believe that nothings perfect
But I'm not even close

It's true

Watching my life slip away
Only have myself to blame
Giving up I'll be forgotten
Afraid I'm giving in to the imposter

Buried underneath my sins
Screaming out but no one's near
Letting go I'll stay forgotten
Afraid I'm giving in to the imposter

Wash all of the parts of me
I'm drowning while the worst of it
Pulls me up to float

Scars remind me what use to be
I thought I had a purpose but
I'm scratching at the surface

It's true

Watching my life slip away
Only have myself to blame
Giving up I'll be forgotten
Afraid I'm giving in to the imposter

Buried underneath my sins
Screaming out but no one's near
Letting go I'll stay forgotten
Afraid I'm giving in to the imposter

What do you want from me
Letting go but I'm never free
I'm afraid of the dark in me
I'm giving in to the perfect imposter

Watching my life slip away
Only have myself to blame
Giving up I'll be forgotten
Afraid I'm giving in to the imposter

Buried underneath my sins
Screaming out but no one's near
Letting go I'll stay forgotten
Afraid I'm giving in to the imposter
