

# I Take It Back

Glass Tiger

I regret the things I said  
Sounded better in my head  
Sometimes my words can be a curse  
Hated ever hurting you. Never what I meant to do  
Sometimes I just keep screwing up

I take it back. What can I say?  
Sorry may not cut it, but I'm sorry anyway  
I take it back. What can I do?  
Hit rewind, baby, and let me show you

How do I get through to you?  
What am I supposed to do?  
Your silence hurts much more than words  
I just can't say goodbye  
And it even hurts to try  
Can we get one thing straight?

I take it back. What can I say?  
Sorry may not cut it, but I'm sorry anyway  
I take it back. What can I do?  
Hit rewind, baby, and let me show you

Let me show you

I regret the things I said  
Sounded better in my head  
Can we get one thing straight?

I take it back. What can I say?  
Sorry may not cut it, but I'm sorry anyway  
I take it back. What can I do?  
Hit rewind, baby, and let me show

I take it back. What can I say?  
Sorry may not cut it, but I'm sorry anyway  
I take it back. What can I do?  
Hit rewind, baby, and let me show you

Oh, I'm gonna take it back  
Sorry may not cut it, but I'm sorry anyway  
Oh, let me show you  
I'm gonna take it back  
I take it back
