

(She Said) Love Me Like A Man

Glass Tiger

The story so far the young boy
Makes it all alone
In walks a diamond
She says
"Lover take me home"
Oh, red car and black horse speed me
Taste of sweat and fear
You walk in her room
Your heart beat
Seems to disappear

She'll bleed your heart
She'll steal your fortune
Sharp as a knife
She'll cut you
Down, down, down

(She said)
Love me like a man
Lover take it slow
Love like a man
Gonna give me more
Love me like a man
Give me all you've got
Are you ready?
Are you ready?

I can remember thinking
Take it like a man
That only made her smile right at me
Warm as the sun
She turns to tell me
Then colder than ice
She turns away

(She said)
Love me like a man
Lover take it slow
Love like a man
Gonna give me more
Love me like a man
Give me all you've got
Love me like a man

Are you ready?
Are you ready?
Turn it up and take me downtown
