If I Were Loving You

Glen Campbell

```
If I were loving you
And you were loving me
It would be the sweetest thing
This life has given me
If I were loving you
And you were loving me
The world would look in wonder
At the change love made in me

And we'd live beside the river
And watch the days pass away
Into night, into dawn

If I were loving you
And you were loving me
I would never question anything
You ask of me
If I could be that blessed
Out of all this world's people
The rest of my life
Would be a precious place to live in

And we'd live beside the river
And watch the days pass away
In our lives, but not our love

If I were loving you
And you were loving me
```
