

Rollin'

Glen Campbell

Rollin' down this highway
Thinkin' what I please
I can't turn off left or right
But I can stay or leave
Everything seems to go my way
Sun shinin' brighter everyday

And I'm rollin' like the ocean
Rollin', just gotta keep on rollin'
And I know with these sutle sins
You'll let this in

You've got to live life all the way
Or it ain't worth nothin' at all
Goin' down the road in overdrive
Hearing the south winds call
I got no shame I ain't no slave
Until I'm in my grave I'll still be

Rollin' like the ocean
Rollin', just gotta keep on rollin'
And I know with these sutle sins
You'll let this in

I know someone back down the road
Who bought this time for me
They're with us now on this starry night
That they might never see
They gave their strength they gave their life
If you're ready to live you're ready to keep on

Rollin' like the ocean
Rollin', we just gotta keep on rollin'
I know with these sutle sins
You'll let this in

Rollin', just gotta keep on rollin'
Like that people rollin'
I know with these sutle sins
You'll let this in
