

# We're Over

Glen Campbell

We're over, I guess you know we're over  
Even though all the words are still unsaid  
And we talk of other things instead

We're over, we come and gone, we're over  
We go on like two actors in a play  
Acting out our lives from day to day

Just going through our phrases  
With smiling frozen faces  
That tell more than they hide

And knowin' when we fake it  
It's not love when you make it  
There's just no feelin' inside

We're over, that's all we are, we're over  
And all that's left is to find a reason why  
We're over and we still can't say goodbye

We're over, that's all we are, we're over  
And all that's left is to find a reason why  
We're over and we still can't say goodbye  
We can't say goodbye
