

Weight Of The World

Glen Hansard

Weight of the world
Coming through it
Go find someone new
Weight of the world
Go find someone who'll
Let you through
Go find
Go find someone who'll
Be no obstacle
Between me and you

Weight of the world
Weight
We'll fill in
Getting longer
And I write down at the end
Keep saying you're not getting in
Go through

Go find someone who'll
Who'll mind you
Looking through
Oh looking through
Looking through
Knowing there's something that here
Some kind of gravity too

Go find someone new
Go find someone who'll listen to you
Go find someone who
Someone who'll stay by you

With no [?]
In your victory
In your victory cross
And without [?]

Go find someone new
Someone who'll listen to you
Go find someone new
Someone [?]

What's this old boy to do?
If I'm not coming through
