

# What Are We Gonna Do

Glen Hansard

What are we gonna do  
If we lose that fire  
What are we gonna do  
If you start to doubt  
If that fire goes out

I don't wanna lose you  
To some bullshit hurt that could've been helped  
I'm tryna tell ya something  
A good, good heart is your greatest wealth

So what are we gonna do  
If we lose that fire  
What are we gonna do  
If you start to doubt  
If that fire goes out

I don't wanna change ya  
But you're a long, long way from the path you came  
I'm tryna show ya something  
And a good, good heart will always find a way

So what are we gonna do  
If we lose that fire  
What are we gonna do  
If you start to doubt  
If that fire goes out
