

# Don't Let it Slip Away

Glenn Hughes

My brain is automatic  
My body my machine  
I don't listen to the static  
'Cos I'm somewhere in between  
It's time to face the music  
It's time to make a plan  
You know I'm telepathic  
I'm a hoochie coochie man  
I can't let go  
No I just can't let it go  
It don't bother me no more

So let me introduce myself  
In case you didn't know  
That one thing comes before my health  
This child has gotta grow

Don't let it slip  
Don't let it slip away  
Don't let it slip  
Don't let it slip away

I'm not tryin' to be reckless  
But I am a little vain  
I have a kinda weakness  
I'm addicted to the pain  
Now you can call me papa  
Or you can call me 'G'  
And i will go the distance  
I know you will agree  
Can't find a cure  
I can't find a cure  
It don't bother me no more

So let me introduce myself  
In case you didn't know  
That one thing comes before my health  
This is gonna grow
