

# Shake The Ground

Glenn Hughes

I will tell you one thing's in the ship out on the sea  
If you look a little closer to the flag of honesty  
Oh babe  
The flag of honesty

So look me in the eyes  
Take me by surprise  
And let me be

You know I love you babe, you're like honey to the bee  
So get a little \_\_\_ and tell me what you see  
Oh babe  
Tell me what you see

So look me in the eyes  
Take me by surprise  
And let me be

I'm gonna shake the ground  
Until the worlds fall down  
I'm gonna shake the ground  
Until the worlds fall down

I ask you "Do you love me?", should meet some kind of faith  
Now won't you please surrender, I don't wanna wait  
Oh babe  
I don't wanna wait

So look me in the eyes  
Take me by surprise  
And let me be

I was born to love you, I was born to care  
It doesn't really matter if you can't be there  
Oh babe  
If you can't be there

So look me in the eyes  
Take me by surprise  
And let me be

I'm gonna shake the ground  
Until the worlds fall down  
I'm gonna shake the ground  
Until the worlds fall down

I will tell you one thing's in the ship out on the sea  
If you look a little closer to the flag of honesty  
Oh babe  
The flag of honesty

So look me in the eyes  
Take me by surprise  
And let me be

I'm gonna shake the ground  
Until the worlds fall down

I'm gonna shake the ground  
Until the worlds fall down
