

## No Way Out Of Love

Glenn Medeiros

Tried so hard to leave you.  
But there was no escaping.  
It seemed each day I found heartache  
and darlin', when I left you kept your faith in me.  
You knew I'd come back eventually.  
Well, I spent some time alone and with somebody new.  
Now I must admit to myself and you.  
There's no way out of love,  
when it's the real thing.  
It can make you crazy, baby.  
There's no way out of love, everybody tries.

And there's no way out  
of what I feel inside.  
'Cause you're inside,  
my love,  
my love.

And if we disagree,  
I won't walk out the door.  
Ain't gonna leave you anymore.....

I'll be here tomorrow  
and every single day.  
'Cause where there's love  
there's always a way.

Now I know in my heart,  
we're gonna work it out.  
'Cause you taught me what  
love is all about.  
There's no way out of love,  
when it's the real thing.  
It can make you crazy, baby.  
There's no way out of love,  
everybody tries.

and there's no way out  
of what I feel inside.  
'Cause you're inside,  
I don't want to talk, (talk)  
when I'm holding you.  
I don't want to think (think)  
'bout what I've got to do.  
I don't want to walk, (walk)  
when there's nowhere to run.  
'Cause I found what I need in you, my special one.

And there's no way out  
of what I feel inside.  
'Cause you're inside,  
my love,

my love.

There's no way out of love,  
when it's the real thing.

It can make you crazy, baby.  
There's no way out of love,  
everybody tries.

There's no way out of love,  
when it's the real thing.  
It can make you crazy, baby.  
There's no way out of love,  
everybody tries.
