

Then She Touched Me

Glenn Medeiros

Had my reasons (for believin')
that love was only (an illusion)
in my mind.

I wasn't searching (only livin')
pain became my (own religion)
till she walked in my life.

Then she touched me
and I felt my body start to move
in ways I never thought I could.
With a love that made me want to lose it -

Then she touched me

She made me want her (made me need her)
made me think that (love without her)
would only be a crime.
Now I know that (there's an answer)
to the question (I've been after, whoa...)
when she looked in my eyes...

Then she touched me
and I felt my body start to move
in ways I never thought I could.
With a love that made me want to lose it -

Then she touched me
and my world has never been the same.
'Cause no one's ever made me feel this way-ay-ay.
Now I live only for the day.....

She makes me..

She makes me...
She makes me...

Ohhhh!

Baby, baby

You know that, you know that,
You make me..

Then she touched me
and I felt my body start to move
in ways I never thought I could.
With a love that made me want to lose it -

Then she touched me
and my world has never been the same.
'Cause no one's ever made me feel this way
And now I live only for the day-ay-ay- yeah, ohhhh.
Then she touched me
and I felt my body start to move
in ways I never thought I could.
With a love that made me want to lose it -

no, no, no...

she touched me, she touched me, ohhhhhh

Ohhhhh, ohhhh, ohhhhhhh, ohh

You know, you know, you know, you know..
no, no, no.....

won't you touch me baby....

If you touch me baby.....

Won't you give me baby....

Ohhhhh, ohhhh, ohhhhhhh, ohh

Won't you touch me baby....

I wanna feel you....

Hold you baby

If you touch me baby

If you feel me babe

If you touch me baby
