

# Watching Over You

Glenn Medeiros

Now that you're far away  
I can see everything so clear  
Now that you've really gone  
I can feel it  
Like you're standing here  
And if I had another chance to say goodbye  
I would just say thank you  
For the times we spent  
And not to cry  
Cause I'm

Still watching over you  
Though we're far apart  
You'll never really be  
So far from my heart  
I'm watching over you  
I've looked inside my dreams  
And everytime I see  
You're watching over me

How can we lose our way  
If we just let ourselves be led  
And maybe it hurts today  
But tomorrow we'll come out ahead

I don't want to lose you  
So I'll let you go  
And if it ends up  
We are meant to meet again  
We'll let each other know  
Cause I'm

Still watching over you  
Though we're far apart  
You'll never really be  
So far from my heart  
I'm watching over you  
I've looked inside my dreams  
And everytime I see  
You're watching over me

I don't want to lose you  
So I'll let you go  
And if it ends up  
We are meant to meet again  
We'll let each other know  
Cause I'm

Still watching over you  
Though we're far apart  
You'll never really be  
So far from my heart  
I'm watching over you  
I've looked inside my dreams  
And everytime I see  
You're watching over me
