

# Blind

Glenn Travis

Time moves slower  
Feelings grow stronger  
When I'm with you  
Somewhere I've never been before

Girl, take me  
I ain't used to this craving  
No excuse but I'm saying  
Baby you got me thinking

I wanna walk this line to the other side  
That's true, I wanna tell myself  
Stay alive, it'll be alright  
I guess you'll meet me there  
Half way when the time is right  
'Cause I see no one else  
No one else

'Cause you make me blind  
Don't you stop that girl, anytime  
You only mine  
Ain't nobody else  
Love me right  
You make me blind  
Ohhh blind

Breathe-ins, faster  
I can't take the pressure  
When you touch me  
I can't help but to fall in love

You make me  
I ain't used to this craving  
No excuse but I'm saying  
Baby you got me thinking

I wanna walk this line to the other side  
That's true, I wanna tell myself  
Stay alive, it'll be alright  
I guess you'll meet me there  
Half way when the time is right  
'Cause I see no one else  
No one else

'Cause you make me blind  
Don't you stop that girl, anytime  
You only mine  
Ain't nobody else  
Love me right  
You make me blind  
Blind, blind

I wanna walk this line to the other side  
That's true, I wanna tell myself  
Stay alive, it'll be alright  
I guess you'll meet me there  
Half way when the time is right

'Cause I see no one else  
No one else

'Cause you make me blind  
Don't you stop that girl, anytime  
You only mine  
Ain't nobody else  
Love me right

'Cause you make me blind  
Don't you stop that girl, anytime  
You only mine  
Ain't nobody else  
Love me right  
Love me right, right, right, right  
Oh yeah  
Right
