

Head

Glenn Travis

Just keep popping in my
Just keep popping in my head
(Ay, ay)
It won't stop, stop

I know you won't admit it but you needed this love
And I got you blushing every time you turn it on
Had a man before me but you know he had to go
You didn't think that you'd be falling for me
You would love me
But you do, yeah, yeah, yeah
And I don't wanna think about it, I wish you were here
I don't want this thing we got to ever disappear
I don't want it, just keep popping in my
Just keep popping in my head, yeah

Girl, you set up, you better represent
Let niggas know you got a boyfriend
Tell 'em who it is
He here to love this bitch
And he got a icy wrist, oh yeah

Yeah, oh my, you do it to me
And I know you hate it when I see you acting boujee
I've come to conclusion that your lovers will include me
In everything to do with your heart [?]
I wanna be a part of you
Always be a part of you (yeah, yeah)

If you like your time, start over
When I hold you closer
I'm so ready, baby, come on over
Nice and steady, you know that I wanna
Run it back again

I know you won't admit it but you needed this love
And I got you blushing every time you turn it on
Had a man before me but you know he had to go
You didn't think that you'd be falling for me
You would love me
But you do, yeah, yeah, yeah
And I don't wanna think about it, I wish you were here
I don't want this thing we got to ever disappear
I don't want it, just keep popping in my
Just keep popping in my head, yeah

When you're all alone
Listen to your song
You better sing that, you better mean it
When you say you love me
Because I do

I am not just playing (just playing)
And I ain't got much patience, yeah
I just need my baby (whoa)
I ain't good with nothing else
I need that ponytail (yeah)

I need that turtleneck (yeah)
I need your soft lips (baby)
I need another kiss (kiss)
You love when we do it like this

It feel like your time start over
When I hold you closer
I'm so ready, baby, come on over (let's go)
Nice and steady, you know that I wanna
Run it back again

I know you won't admit it but you needed this love
And I got you blushing every time you turn it on
Had a man before me but you know he had to go
You didn't think that you'd be falling for me
You would love me
But you do, yeah, yeah, yeah
And I don't wanna think about it, I wish you were here
I don't want this thing we got to ever disappear
I don't want it, just keep popping in my
Just keep...

I know you won't admit it but you needed this love
And I got you blushing every time you turn it on
Had a man before me but you know he had to go
You didn't think that you'd be falling for me
You would love me
But you do, yeah, yeah, yeah
And I don't wanna think about it, I wish you were here
I don't want this thing we got to ever disappear
I don't want it, just keep popping in my
Just keep popping in my head, yeah

In my head
It's all in my head
It's all in my head
It's all in my head
In my, in my, in my head, yeah
