

# Illusion

Glenn Travis

All set with vice  
But I don't wanna say goodbye tonight  
Cause I'm having big charms  
Left and right  
But search and stay away forever this time  
Broken picture frames in your brain  
But I know you still believe in me  
You do, I know you do  
You know that this is real  
No illusion  
Illusion, Illusion  
You know that this is real  
No illusion  
Illusion  
Illusion
