

With all of the things I've been through
Who woulda thought that I'd be still standing
On my own two, two feet?
I reach, I still to the sky
No, I don't regret the things that I've done
But I wonder why

Why they wanna throw stones at me? (Ah)
They tryna poke the belly of the beast (ah)
But then they wanna call on me (brrrt, yeah)
Now they always gotta call on me (yeah)
But ain't nothing in life for free, no

Oh, messiah
Burn like fire
They nothing like us
Let me inspire
Yeah, let me inspire (inspire)
Ay, let me inspire
Inspire (inspire)
Uh, yeah, let me inspire

With all of the things that I said
Who woulda thought the world
Would still be right here listening?
To me, I still rise, I'm here to stay
No, I don't regret the things
That I've done when I'm gone away

But they wanna throw stones at me? (Ah)
They tryna poke the belly of the beast (ah)
But then they wanna call on me (brrrt, yeah)
Now they always gotta call on me (yeah)
But ain't nothing in life for free, no

Oh, messiah (messiah)
Burn like fire
They nothing like us
Let me inspire
Oh, messiah
Burn like fire
They nothing like us
Let me inspire

Yeah, let me inspire
Yeah, uh, yeah, let me inspire (inspire)
Uh, inspire (uh, yeah)
Let me inspire

Whoa, inspire (let me inspire)
Let me inspire
Let me inspire
Let me inspire
Let me inspire
Let me inspire
