

Lock Down

Glenn Travis

She got that skin like gold, yeah
Under my eyes can make conviction stronger
Hypnotize me
I just wanna go home now
Cause it seem like it's been forever (forever) girl

Your body know my name
Let's stop playing games
I'm tryna get you in my place
Don't be inpatient, baby
Don't be impatient, yeah

Yeah you know you got that lock down
And I'm feeling you got the shit to tear me down
But don't you stop now
You got me feeling the way you need to keep me round

Maintain
Do the same thing some more
Can't wait for it
I ain't tryna stop the motor
Let's keep going
My head on her wheel when I don't need no help and I steer because

Your body know my name
Let's stop playing games
I'm tryna get you in my place
Don't be inpatient, baby
Don't be impatient, yeah

Yeah you know you got that lock down
And I'm feeling you got the shit to tear me down
But don't you stop now
You got me feeling the way you need to keep me round

So smooth when you move
I zoom in keep my focus on you
Any rhythm I can tell you really with me
Don't hold back
Not a thing
Gotta give it all up to me
You know that I need it

Cause your body know my name
Let's stop playing games
I'm tryna get you in my place
Don't be inpatient, baby
Don't be impatient, yeah

Yeah you know you got that lock down
And I'm feeling you got the shit to tear me down
But don't you stop now
You got me feeling the way you need to keep me round

Keep me round
You keep me round
Now you know

Not to keep me
