

# Nothing

Glenn Travis

Never trust a pretty girl  
With a nice smile  
Doesn't matter if you give 'em the world  
They wanna live their lifestyle  
Because the 'Gram and all her friends say  
If you ain't get that rent paid  
Then he ain't no name  
If he ain't get you that bag

Well then  
Maybe if you wasn't out in the club  
You would still have heart  
If you wasn't so difficult  
Maybe we would have won  
When it came to love  
'Cause it's already hard enough  
It's hard enough

The pain isn't easy  
To wash away till I don't feel nothing  
Still think 'bout it at night  
And sometimes early in the morning  
We thought my pride was broken  
It'll take time I know  
To wash away till I don't feel nothing  
Wash away till me don't feel nothing

You start tripping on me saying sorry  
You say, "Is that what you meant to say?"  
I said I wasn't good enough for you  
And I was wasting my time tryna stay with you  
I was doing the most for ya  
Losing myself for you [?], ay  
But you wanted more, now you wanna go

Well then  
Maybe if you wasn't out in the club  
You would still have heart  
If you wasn't so difficult  
Maybe we would have won  
When it came to love  
'Cause it's already hard enough  
It's hard enough

The pain isn't easy  
To wash away till I don't feel nothing  
Still think 'bout it at night  
And sometimes early in the morning  
We thought my pride was broken  
It'll take time I know  
To wash away till I don't feel nothing  
Wash away till me don't feel nothing

The pain isn't easy  
To wash away till I don't feel nothing  
Still think 'bout it at night  
And sometimes early in the morning

We thought my pride was broken  
It'll take time I know  
To wash away till I don't feel nothing  
Wash away till me don't feel nothing
