

# Reassurance

Glenn Travis

Yeah, you know I got pride, way too much pride  
You know I might shine, uh, way too much [?]  
I don't mean to hurt you  
Ooh guess I love you  
And I hate that you're feelin' this way

Constantly  
I've been thinkin' bout  
The days that's been goin' on  
In my face  
Tellin' me I love the fame  
Always goin' off  
You just think  
That I'ma find another girl  
Soon as I blow up  
Actin' like you don't have my heart

You never understand  
Actin' like you don't have my heart  
So baby I'ma play my part

Baby it's yours

But I really adore you  
So go and get that reassurance  
Reassurance  
Reassurance  
Reassurance

Yeah you're mine, uh, that's why I take flights  
And take the time (I do, I do) to cross country lines  
When I miss you, yes I miss you  
'Cause I want you  
And I hate that you're feelin' this way

Constantly  
I've been thinkin' bout  
The days that's been goin' on  
In my face  
Tellin' me I love the fame  
Always goin' off  
You just think  
That I'ma find another girl  
Soon as I blow up  
Actin' like you don't have my heart

You never understand  
Actin' like you don't have my heart  
So baby I'ma play my part

Baby it's yours

But I really adore you  
So go and get that reassurance  
Reassurance  
Reassurance  
Reassurance

(Ooh, ooh, ooh)  
Whoa, oh, oh  
(Soon gon' get that reassurance)  
Yeah, yeah  
Oh baby  
(Reassurance)

(Ooh, ooh, ooh)  
You never understand  
Actin' like you don't have my heart  
So baby I'ma play my part

Baby it's yours

But I really adore you  
Soon gon' get that reassurance  
Reassurance  
Reassurance  
Reassurance

I don't want no one  
Don't need to explore  
I'd do anything for you  
Girl go and get that reassurance  
Reassurance  
Reassurance
