

# Reindeer

Glenn Travis

Yeah, yeah, yeah, yeah  
Aye, woo!

On cloud 9 (I'm lit) [?]  
She got [?]  
We gotta keep it heated, I got firewood  
And it's phenomenal, my [?]

Gimme a baby girl that's like you (that's like you)  
I won't care what the price is, get her size two (get it, get it)  
And before the 25th you'll be a wife too (be a wife too, yeah)  
I really like you

And I can't stay away  
Let's cruise through the city lights  
Five, four, three, two, girl, let's fly  
We should ride for another mile  
Like a [?] reindeer  
Shake that red nose left to right  
Sage is burning by the bedside  
I feel your energy in sync with mine  
Like a [?] reindeer

I move it up, just follow me, we'll take off  
Beautiful, the feeling when we make love (love)  
Keep making noises, I ain't tryna say much  
And I can't stop, don't you ever get up, get up, yeah
