

Tell You Now

Glenn Travis

Ay (yeah)
Yeah yeah
Ay (ooh) ay (yeah)
I'm on my back right now, ay
Smooth

They say no Instagram
This here real life
They do not stand a chance
You know I look at you
Then I look back at them
(I look back) You so bad
It just don't make no sense

You stay on my mind babe
I might miss my flight
Just take your time babe
Get that [?]
Like yeah, yes you a boss
I love it when you floss

Can't nobody catch my baby
He's all I've been thinkin' lately
I've spent my life alone
But I'm ready now
(I'm ready now)
I'm ready when

I hit you up like "Where you now?"
'Cause we gon' catch a vibe
Soon as you touch down
You always do it right
Girl you make me proud
And this won't ever stop
I'ma tell you now
(I'ma tell you now)
Tell you now
(Tell you now)

You might be the greatest
I am not just sayin' this
No [?]
[?] (one hunnid)
So I gotta ride for you
And swallow my pride for you, yeah

You stay on my mind babe
I might miss my flight
Just take your time babe
Get that [?]
Like yeah, yes you a boss
I love it when you floss

Can't nobody catch my baby
Is all I've been thinkin' lately
I've spent my life alone
But I'm ready now

(I'm ready now)
I'm running round

I hit you up like "Where you now?"
'Cause we gon' catch a vibe
Soon as you touch down
You always do it right
Girl you make me proud
And this won't ever stop
I'ma tell you now
(I'ma tell you now)
Tell you now
(Tell you now)

I hit you up like "Where you now?"
'Cause we gon' catch a vibe
Soon as you touch down
You always do it right
Girl you make me proud
And this won't ever stop
I'ma tell you now
(I'ma tell you now)
Tell you now
(Tell you now)
