

## What Is This Called

Glenn Travis

My eyes wide open  
'Cause it feels like danger might be closing in  
My mind is caving in  
'Cause it feels like something might be happening (hey)

But how do I respond (how do I, how do I, how do I)  
When you always saying what do you want from me (want from me)  
You say I don't give enough (I don't give, I don't give, I don't give)  
From you just push me away then you pull on me like

What is this called  
What is this called  
I don't wanna leave, but I don't want to get too involved  
What is this called  
What is this called  
Baby I don't wanna leave, but I don't want to get too involved

I can't break your heart  
But I don't want to be a stranger, cause you'd be too far  
I felt all your scars  
So I know what it feels like  
I know who you are

But how do I respond (how do I, how do I, how do I)  
When you always saying what do you want from me (want from me)  
You say I don't give enough (I don't give, I don't give, I don't give)  
From you just push me away then you pull on me like

What is this called

What is this called
