

Building

Glitterer

Want to build something new
Build it just for you
Brick by brick
Screw by screw
Going to build a new life
It will look so nice
And when it's done
You'll know I'm alright

People change
But buildings always stay the same
So cover me in concrete
And forget my name
But don't be sad
I'll put a window in the back
So you can check in
And make sure I'm fine
