

## The Race

Glitterer

I could walk across the lawn or not at all  
I could make you think I'm wrong and take the fall  
But I've never been wrong in my life  
That's a long time, maybe it's been once or twice

I could waste some time and not feel lost I bet  
I could lose the race and still feel confident  
But I move so fast I'm hard to see  
Oh, it's not easy being me

I wish I could be someone else from time to time  
I wish I could look at your life and know it's mine  
I wish I could be someone else
