

Everybody's free

Global Deejays

Brother and sister
Together we'll make it through
Some day a spirit will
Lift you and take you there
I know you've been hurting
But I've been there
Waiting to be there for you
And I'll be there just helping you out
Whenever I can, ohh

Everybody's free to feel good
Everybody's free to feel good
Everybody's free to feel good
Everybody's free to feel good
Everybody's free...

Everybody...
...Feel good, feel good, feel good

Everybody's free to feel good
Everybody's free to feel good

Everybo...
Everybody's...
Feel...
Ohh...

Everybody's free to feel good
Everybody's free to feel good
Everybody's free to feel good
Everybody's free to feel good

...Feel good, feel good, feel good

Everybody's free to feel good
