

You and I

Globus

[Verse 1]

Broken home
Empty and loose
You'll never know
Why I'm a recluse
Saving souls
Intended to break
No, I'm a mistake to all you know

[Verse 2]

Aside from lies
What else can I choose
Although we try
I'm still so confused
This is taking toll
On an aching soul
I'm just the mistake to all you know

[Chorus]

Although we make a vow
To human nature now
I run

Through my hole
You and I
Are worth the fight
I've said it all

Before
'Cause you and I
Ain't meant to lie
I've said it all
Before

[Refrain]

Broken home

Empty and loose
You'll never know
Why I'm a recluse
Saving souls
Intended to break
No, I'm a mistake to all you know

[Chorus]

Although we make a vow
To human nature now
I run

Through my hole
You and I
Are worth the fight
I've said it all

Before
'Cause you and I
Ain't meant to lie
I've said it all
Before

[Encore]

Although we make a vow
To human nature now
I run
Through my hole
You and I

Are worth the fight
I've said it all
Before
'Cause you and I
Ain't meant to lie
I've said it all
Before
