They call me a Rottweiler nigga might bite your ass
Might have to put me down cause I'm tweaking with a 30 mag
We beat your boyfriend's ass, Michael Jackson "Bad"
They call me an animal, get off on the police in a new Jag
We don't drink no Danimals, monkey nuts on the new gat

I took, I took, I took, the plug off before I was 15
My baby like Spaz how the fuck you bless me
I can't hang with no fake gangster that ain't me
Be with real gun popper that's on me
Treat me like the dundada on eighteen
Driving in that Impala on your street
Only fuck on top dollar fuck you mean?
They call me a Rottweiler nigga might bite your ass
Might have to put me down cause I'm tweaking with a 30 mag
We beat your boyfriend's ass, Michael Jackson "Bad"
They call me an animal, get off on the police in a new Jag
We don't drink no Danimals, monkey nuts on this new gat
