

## Remember Me

Glokk40Spaz

Hmm, hrr, BL

Yeah, lil' Glokk, yeah, lil' Glokk (Don't play with him)

Hrr, lil' Glokk (Chapo), yeah

Yeah

Don't worry 'bout my business, I handle it, huh

I take a watch off, it's a Avalanche, huh

I take his ass off, I don't give a damn

He'll get popped if he the middleman

And I'll hit him with some shit, he can't live again

Do that job by myself, fuck that hitman

Best believe in me just like I'm Peter Pan

And I do the dirty work like Dirty Dan

And he talkin' 'bout the partner irrelevant

How you indict a kid with no evidence?

You gon' feel this, you gon' remember this

I'ma break somethin', like a hit stick

My bitch won't go, like a broke whip

Took 'em on that ride, like a field trip

If they play with Glokk, hit the kill switch

You wan' suit up? Nigga, that's yo' due date

You wan' be mob? You better eat that plate

Nigga, fuck a cop, nigga, fuck a jake

I be fuckin' bitches almost everyday

I'ma get some money almost any way

And I hit your bank if you got Chase

And I mix it up, like it's lemonade

Bitch, I'm ten letters, ain't gon' renegade

Got a bad feelin', like a bellyache

I been hearin' rumors, I wanna conversate

When it's time for functions, I was never late

Every bitch I fucked know I got every tape

Me and Sumo posted up at Crystal Lake

This fye hydrate me like it's Gatorade

He got hit with a pistol, need medicate

Go 'head, buddy, get shot in yo' peace state

We ain't worried 'bout 'em, that's for his sake

Glock give me superpowers, fuck that cape

I take all my challenges, I don't do the blame

And they snitch on a young nigga, that's a shame

When she give me brain, that's a no-brain

She a young thot, she got a code name

This ain't hopscotch, I don't playin' no games

Police ask me questions, I ain't did a thing

God sent me this, think I was heaven sent

And a new stick I ain't never met

Bring that chopstick on a private jet

You ain't 'bout shit, you ain't slide yet

He was talkin' crazy, I ain't die yet

Walk down strong, like a bicep

I be face to face, I don't do internet

Brother on the run, but they ain't catch him yet
