(Rok on the track, yeah)

I don't give a fuck no more  
I'm on ten with every nigga that want smoke with the gang, you know I'm gon'  
blow  
Just got it out the jail, nigga, this whole song, but we ain't sparin' none  
of them lil'-ass hoes  
Best believe if he rich, we gon' up that pole  
Baby K on me, nigga, take your soul, yeah, yeah  
Yeah, the bitch video vixen, hmm  
I can get this shit on Christmas  
Woahs and the vamp 'bouta get us some wicked  
If that van come through in here, we gon' flip it, mm  
Give a fuck, flip that bitch if it's a Bentley  
We ain't your family, boy, just like Frank Stanley

Nigga already know, yeah, I got free stain  
On that stage yellin' out free gang  
I'm in that 'Cat takin' up three lanes  
Bitch never fucked with a slime, straight lames  
On my shit, I'm doin' my thing  
Bitch finna flex, take the whole damn thing  
I was just pourin' up, niggas can't hang  
They don't clutch, shoot a bitch like dang  
I got four Glocks with me, but I'm just one person, oh yeah  
Bitch gon' fuck with me 'cause she know I got somethin' to say  
Slime gon' hawk shit down 'cause my lil' nigga just wanna get paid  
I'm back in LA, so I'm sippin' on drank  
High off drugs, get geeked for days  
Who the fuck your team? Man, them niggas lame  
We can do this shit my way or my way
