## Don't Wanna Lose You

Gloria Estefan

Sometimes it's hard to make things clear Or know when to face the truth And I know that the moment is here I'll open my heart and show you inside My love has no pride

I feel with you I've got nothing to hide So open your eyes and see who I am And not who you want for me to be I am only myself, myself

I don't wanna lose you now
We're gonna get through somehow
I don't wanna lose you now or ever

'Cause baby I've finally found The courage to stand my ground But if you want me I'll be around, forever

We all make mistakes, we all lose our way But we stood the test of time and I hope That's the way it will stay It's all up to you, to tell me to go 'Cause it won't be me to walk away When you're all that I know And I know that

I don't wanna lose you now
We're gonna get through somehow
I don't wanna lose you now or ever
'Cause baby I've finally found
The courage to stand my ground

But if you want me I'll be around, forever
