Gloria Estefan

In living the life I've lead  
I truly must confess  
With all the things I've done  
I'm not better than the rest  
Well, maybe tomorrow  
I'll seek and find the answers  
And locking the doors that I loose along the way  
Fulfilling the visions of prophets and dreamers  
Revealing the secrets of words they had to say

A toda máquina, you cannot stop believing  
A toda máquina, is all that I can say  
A toda máquina, keep the passion burning  
A toda máquina, now you're on your way

In feeling the things I feel  
I truly must confide  
That all the pain I felt  
I kept it all inside  
I know that tomorrow  
The truth will come to find me  
Preparing the future to find my destiny  
Revealing the meaning of all my intuitions  
And knowing tomorrow that what will be, will be

A toda máquina, you cannot stop believing  
A toda máquina, is all that I can say  
A toda máquina, keep the passion burning  
A toda máquina, now you're on your way

Living life forever changing  
I close my eyes and start to scheme  
'Cos I know the world is rearranging  
And it's up to me to start the dream

In living the life I've lead  
I truly must confess  
With all the things I've done  
I'm not better than the rest  
Living life forever changing  
I close my eyes and start to scheme  
'Cos I know the world is rearranging  
And it's up to me to start the dream
