Anybody Wanna Party?

Gloria Gaynor

Ah ahhh party party Ah ahhh party party Ah ahhh party party Ah ahhh party party Love, sweet love won't you be good to me? You could set me free Come on, set me free We could dance 'neath the pale moonlight Feeling good tonight Feeling good tonight Please somebody's got to get me to the action Some satisfaction is what I've been searching for Got to find myself a happy situation Some celebration Somebody who calls for more Anybody wanna party down tonight? Anybody wanna party? Anybody wanna party? Anybody wanna party down tonight? Anybody wanna party? Anybody wanna party? Hey hey Get down It'd be nice to realize a little romance I could dig some slow dance I could dig some girl-meets-boy Can't put too much time in searching for some reason Must be the season For doin' that jump for joy Anybody wanna party down tonight? Anybody wanna party? Anybody wanna party? Anybody wanna party down tonight? Anybody wanna party? Anybody wanna party? Love sweet love won't you be good to me? You could set me free Come on, set me free We could dance 'neath the pale moonlight Feeling good tonight Feeling good tonight I'm a person with a passion for some livin' Can't help givin' my body a real good time I'm a sucker for the music and the laughter I know right after That lovin' is soon sublime Anybody wanna party down tonight? Anybody wanna party?
