

Every Time You Go Away

Gloria Gaynor

Hey, if we can solve any problems
Then why do we lose so many tears
Oh, so you go again when the leading girl appears
Always the same thing
Can't you see we've got everything
Everything going on and on and on

Every time you go away
You take a piece of me with you
Every time you go away
You take a piece of me with you

Go on, go free, maybe you're too close to see
I can still feel your moves
Cos you mean that much to me
But I can't go on singing the same theme
Cos you don't see we've got everything
Baby, even though you know

Every time you go away
You take a piece of me with you
Every time you go away
You take a piece of me with you

And I can't go on singing the same theme
Cos you don't see we've got everything
Baby, even though you know

Every time you go away
You take a piece of me with you
Every time you go away
You take a piece of me with you

Every time you go away
You take a piece of me with you
Every time you go away
You take a piece of me with you
