

# Most of All

Gloria Gaynor

Most of all  
Most of all  
Most of all  
I want to love you  
Like you never been loved before

We don't need no words  
Let the music speak for itself  
Let music, let music  
Speak for itself  
From the heart, baby  
Right from the brightest star

Most of all  
Most of all  
Most of all  
I want to love you  
Like you never been loved before

We don't need no words  
Let the music speak for itself  
Let music, let music  
Speak for itself  
From the heart, baby  
Right from the brightest star

Most of all  
Most of all  
Most of all  
I want to love you  
Like you never been loved before.

Most of all  
Most of all  
Most of all  
I want to love you  
Like you never been loved before.

Most of all  
Most of all  
Most of all

Most of all  
Most of all ...
