

# Doing It Our Way

Gloriana

Take me out to where the fields don't end  
Where I belong, where me and my friends  
Are holding it down and standing our ground  
Friday night ain't no way  
I'm gonna miss that blue moon rising  
Ain't nobody gonna drag me down  
Spinning tires burning fast  
Sun setting on a dust cloud highway  
Spark that fuse and let's blow this town

Just over that hill there's a good time waiting  
Come on, come on, come on, come on baby

Take me out where the fields don't end  
Where I belong, where me and my friends  
Are holding it down, standing our ground  
We live life just a little too loud  
A little too rough, a little too proud  
Holding it down 'til the end of our days  
We're doing it our way

Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah

Way out here ain't no rules  
Get loose get a little bit crazy  
Ain't no way that they're stopping us, baby  
Grab my hand, it's our song  
We can dance in the headlights, maybe  
Make a little love till the sun comes up

It's gonna hey wild, it's gonna be amazing  
Come on, come on, come on, come on baby

Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah

Just over that hill there's a good time waiting  
Girl it's gonna get wild, it's gonna be amazing,  
Come on, come on, come on, come on baby

Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah

Yeah, we're doing it our way

Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah

Yeah, we're doing it our way

Nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah

Nah nah nah nah nah nah nah
