

RAIN DOWN ON ME

GloRilla

(Ohhhh)
Listen (brothers & sisters)
Listen I need to know (GLORILLA)
Is there anyone out there that knows you can never pay God back
And how good he has been to you (lord let your blessing)
In spite of you, that my brothers and sisters, cast a blessing
Ha ha ha ha
Halleluiah
Please keep me safe from all my enemies (yessa)
Blessings rain on me
Gloria
Halleluiah
Blessings
Rain down on me

Feeling like I'm God's favorite
And that's the best feeling ever
Rain down on me father God
I won't use an umbrella
Forgive the ones who play with me
Apparently they don't know no better
At times I don't know who to trust
I randomly rebuke devil
It's hard to talk about my blessings
They be saying I'm acting cocky
Always and forever humble
They just don't wanna see me pop it
5 feet and I'm praising you with every inch up in my body
So, I pray you watch my back along with those who say they got it
Watch over my family lord and watch over all my patnas
And even though he hate me lord watch over my baby father
Watch over my haters they the ones that make me go the hardest
I just want us all to win, I just want us all to prosper
Thank you lord
You ain't have to do it but you did
That's why I thank you lord
It could have been worse then what it was
So I'm grateful lord
I know I'ma tough one but you patient lord
So I thank you lord (yessa)
In Jesus name

Lord let the blessings
Lord I'm here for every one of your blessings
Yes sir
Rain down on me
Oh I wish I could get a witness in here
Ooowee
Yaaaa
Please keep me safe from all my enemies
They don't wanna see (they don't wanna see)
Blessings rain on me
Don't give up on me
Oohh
Let the blessings rain (come on)
Rain down on me

I know I'm a sinner lord and I know I might sin again
So thank you for not giving up and still giving me the strength to win
Protect me from the evil that I can't see with my eyes
And if it's any blessing blockers round me help me cut them ties
In Jesus name

I'ma count it all what he has for me is mine
They can't take it away, I won't apologize
They can take all the shots, but they can't deny
What he's doing in your life, it's just perfect time
Ya mama ain't call you GLO for no reason
Go on and Glo it up girl it's ya season
No matter where you go you can still grow
No matter where you go you can still GLOW
Heyyyyyy
Oooo

Can you say it again now (blessings)
Rain down on me
Ohhhh
So many blessings
Don't stop what you doin
Don't stop what you doin

And the choir sings

We need your blessings, show me your blessings
We need, we need your blessings
Shower down
Shower them blessings
On our family
We need your blessings
On my children
Show me the blessings
Blessings rain on me
Rain down, rain down
Rain down
Ohhhh lord
Talk to em Chand

Please keep me safe from all my enemies
They don't wanna see, ohh (blessings rain on me)
You gonna pour your blessings out on me
Ohhhh

Rain down on me

You don't have to be perfect no, you can come with your mistakes
(Rain down on me)
You can come with your failures
That don't disqualify you from getting a blessing
(Rain down on me) (ona gang)
Halleluiah
Yea
Said it feels so good

Rain down on me
Rain down on me
