

Maleficus Geminus (Colossus Matrix 38B - Ultimate Invocation of the Bin Gloryhammer

Dundee! Dundee! Irax! Harfatum!
Vorpus! Telum! Nihil! Septomin!
Dundee! Dundee! Colossus! Matrix 38B!

Riding 'cross the terrorzone
With the blaster in his hand
An unholy quest to break the tomb
Of the frozen wizard
Slashing through the Brotherhood
The pathetic Knights of Crail
Now the secrets of the gods are mine
They will yield to me!

Far away inside the ancient citadel of Crail
I know a goblin waits for me
Through the gates now strewn with blood and guts and bits of brain
I know a goblin waits for me
Dark wizard, Angus comes for thee

Heroes of the wasteland, prepare for final fight
The nuclear clone of Zargothrax cannot escape this night
He wields the laser blaster, our quest may yet be doomed
Unless we seek the Robot Prince of Mighty Auchtertool

With eyes ablaze with crimson fire
And great boronic wings
His armor wrought from power steel
Heir of the mecha-king
Heroes charge with vengeance
Unicorns are in pursuit
But with the power of robot might
They'll answer now to Hoots

Robot Prince of Auchtertool
Over thy robot kingdom rule
Electronic lord of war
Destined to reign forever more
Robot Prince of Auchtertool
Over thy robot kingdom rule
Electronic lord of war
Destined to reign forever more

Back inside the citadel
The containment zone ahead
Override the cryogenic seals
Demonic power!
No-one left to stop me now
My progenitor arise
Now the land of Fife will kneel before
Mighty double wizard
Zargothrax!

Warning... containment seals breached... cryogenic stasis system overload...
liquid ice prison failure imminent... warning... warning... warning...

Double! Wizard!
Sorcerus! Geminus!

Diabolica Duplicatus!
Sorcerus! Geminus!
Diabolica Ultimae!

After decades of torment, dark fortune smiles my way
My progeny hath served me well, his reward shall be death's citadel
Now, with the knife and the blaster
We'll conjoin ourselves at the brain
Powerless Prince of Fife, we'll now take your life
Let you and your kin burn in HELL!

Dundee! Dundee! Robot! Viator!
Dundee! Vortex! Noctem! Iudicium!

At last! By the machinations of my clone, I am free from the shackles of frozen slumber! After countless aeons of scheming across multiple dimensions, the grand cosmic plan of Zargothrax will now come to fruition! The chronological imperative will be eradicated... by the power of two wizards you shall perish!

Slaves of the armies of Angus
Warriors who yearn to be free
I will liberate you from the chains of your life
Your souls now belong to me
Rise as a creature of darkness
Rise as an undead machine
In the name of the Sorcerer Zargothrax
Vanquish the paleocene

And lo! The time for reckoning is at hand! Prince Angus, your reign ends today! Prepare to die!

Begone, foul servants of chaos! I swear by the blood of the sword in my veins, I will never be defeated! For the Eternal Glory of Dundee!

Robot Prince of Auchtertool
Over thy robot kingdom rule
Electronic lord of war
Destined to reign forever more
Knife of evil is too great
Prince of the robots meets his fate
Auchtertool no longer fight
Killed by the wizard lord this night

Now the ultimate battle begins
Angus is fighting the sorcerous twins
There is no chance for our hero to win
Wielding the hammer of glory so high
Knife made of evil make threaten to die
Dark laser blaster shoot death in the sky
Suddenly the heavens cry

Behold, creatures of Earth! By your foolish meddling with the 3 artifacts of power, you have summoned forth the Starlords of Eternity! These weapons are not your playthings to be trifled with... and so for your impudent acts, your world shall be eradicated! Except for you, brave prince... join us, for your destiny awaits beyond the outer reaches of the galaxy!

The hammer the knife and the blaster collide
Starlords of heaven return from the skies
Making the wizards and warriors die
Only Prince Angus is spared from this doom

Starlords beseech him to quest to the moon
They have revealed him a new destiny
Far across the endless galaxy

By the Holy Flaming Hammer of Unholy Cosmic Frost
I will voyage 'cross the Multiverse to fight for what was lost
From this realm of nuclear chaos, to a world beyond the stars
I will quest forever onwards, so far
I will wield the Holy Hammer of Flame
Unholy cosmic frost!

Ecce Princeps Dundonensis Imperator Ascendit In Astra Eterna!
