

# I Amnesia

Gnarls Barkley

I amnesia  
A nervous breakdown and a seizure  
Suspended in sweet nothin' has been such a friend to me  
I said, "I amnesia"  
Oh, but I'm still a believer  
But if I come back alive will anybody remember me?

I don't know who you are  
I just see colors and shapes so far  
So it must be a fool that's been kissin' on my forehead  
It feels like runnin' slow  
And epiphanies come and go  
Then something says to me strongly, "It's time to get out of the bed"

And all of a sudden  
I remember  
I remember  
That having a heart can hurt you too  
Ah, but it's still gotta work for you  
Oh, but when you do your best, pretend to forget the rest  
And I'm singin'

I amnesia  
A nervous breakdown and a seizure  
Suspended in sweet nothin' has been such a friend to me  
I said, "I amnesia"  
Oh, but I'm still a believer  
But if I come back alive will anybody remember me?

Real talk does not have to rhyme  
I've been tryin' to tell you for a long time  
And I've been listenin' to everything you said  
Oh, but then the sunlight made me have to sit on up, ah  
Make that dead body get on up  
'Cause you can't make a dream come true in the bed  
And all of a sudden

I remember  
I remember  
That having a heart can hurt you too  
But it's still gotta work for you  
Oh, when you do your best  
Pretend to forget the rest  
And I'm singin'

I amnesia  
A nervous breakdown and a seizure  
Suspended in sweet nothin' has been such a friend to me  
I said, "I amnesia"  
Oh, but I'm still a believer  
But if I come back alive will anybody remember me?

I amnesia  
But I'm still a believer  
Still believe  
Believe  
You know

I amnesia  
Every way  
Nervous seizure  
Every day  
We believe  
Believe  
Oh, oh-oh  
So I amnesia  
You know that  
I'm still a believer  
Oh-oh that  
Oh-oh  
Believe  
I amnesia  
Nervous seizure  
Believe
