

Blue Christmas

Gnash

I'll have a blue Christmas without you
I'll be so blue thinking about you
Decorations of red on a green Christmas tree
Won't be the same dear, if you're not here with me

I'll have a blue Christmas, that's certain
When all those blue memories start hurting
You'll be doin' all right with your Christmas of white
But I'll have a blue, blue blue blue Christmas

Yeah, you'll doin' all right with your Christmas of white
But I'll have a blue, blue blue blue Christmas
But I'll have a blue, blue Christmas
