# Do U Love Me?

**Gnash**

Do you love me?
Do you love me or not?
Straight up, no chaser, yeah, I'm taking a shot
Do you love me?
Do you love me or not?
Just say no, or say so

Do you love me?
If you do, then say it first
We know we've both been hurt before
But I've been hurt worse
If you don't need
Then I'll think that I'm cursed
Somehow I always end up with my feelings in the dirt

And if you fly me out to see where you're from
Tell me what the deal is, so I don't look dumb
Are we having fun or are we falling in love?
I guess the only question is us

Do you love me?
Do you love me or not?
Straight up, no chaser, yeah, I'm taking a shot
Do you love me?
Do you love me or not?
Just say no, or say so

Spit it out or spend the night
Cough it up or roll the dice
Bet it all whatever the cost

Do you love me?
Do you love me?
Do you think we should stop?
Do you love me, do you love me or not?

Do you trust me?
I can't tell if you do
My stomach's in a couple knots like tying my shoes
Do you love me?
Is there something to you?
Cause every time I play this game, I try and I lose

They say hurt people, hurt people, up and desert
People leave you a curse evil, they're the worst people
I heard bad things happen in threes or was it twos
Either way, I've got nothing to lose

Do you love me?
Do you love me or not?
Straight up, no chaser, yeah, I'm taking a shot
Do you love me?
Do you love me or not?
Just say no, or say so

Spit it out or spend the night
Cough it up or roll the dice

Bet it all whatever the cost

Do you love me?
Do you love me?
Do you think we should stop?
Do you love me, do you love me or not?

Do you love me?
Do you love me or not?
Do you love me?
Do you love me or not?

Do you love me?
Do you love me?
Do you think we should stop?
Do you love me, do you love me or not?
