

# Fear

Gnash

I'm afraid of flying  
Cuz I'm afraid of dying  
Without getting to tell you goodbye  
And I can take a xanax  
To try and manage the panic  
But I'd probably end up wondering why  
I'm afraid of waking up  
To someone breaking in  
And taking every little thing that I love  
Now the monsters from my bed  
And the monsters in my head  
Are friends, I guess it's just part of growing up

Don't waste your time  
Telling me it's gonna be fine  
Cuz even if you're right  
I still have one thing on my mind

I'll always be afraid of losing you, I will  
I'll always be afraid of losing you, I will  
I don't wanna have to figure out  
How I'm gonna learn to live without  
There's nothing in the world that I can't do  
I'll always be afraid of losing you

I hate to admit it, I'd avoid it if I could  
But if I could die before you then you best believe I would  
And I know it sounds dramatic and you might not understand it  
But I don't think that I can stand the pain  
Didn't answer when I called you, then I thought what if I lost you  
And that feeling never really went away

I'll always be afraid of losing you, I will  
I'll always be afraid of losing you, I will  
I don't wanna have to figure out  
How I'm gonna learn to live without  
There's nothing in the world that I can't do  
I'll always be afraid of losing you

Do do do do do do do  
I'll always be afraid of losing you  
Do do do do do do do

I don't have to try hide the fear  
When you and I are quiet lying here  
There's nothing in the world that I can't do  
I'll always be afraid of losing you
