Seasons

Gnash

Summer time
16 and the 405
Flashing lights
We saw our life flash before our eyes

But we didn't go to the jail
I don't have to tell my dad
I don't know which one is worse
Cause they're both pretty bad
The city that I'm from
Won't never go away
I thought that you would stay the same

It's got nothing to do with you
It's got nothing to do with me
If I've got nothing to do with you
Then why do people keep on leaving me

I know seasons change
And people grow apart
But I come from a place
Where seasons never started
If it's got nothing to do with you
Then why does this keep happening to me

Here we go again
18 in a minivan
Traveling with all my friends
I hope summer never ends

Oh when I get back home (ooohh)
I'm on my phone alone
Where we ever even close
I guess I'll never know
The angels in LA
Won't ever go away
I thought that you would stay the same

It's got nothing to do with you
It's got nothing to do with me
If I've got nothing to do with you
Then why do people keep on leaving me

I know seasons change
And people grow apart
But I come from a place
Where seasons never started
If it's got nothing to do with you
Then I don't know the reason people leave

It's got nothing to do with you
It's got nothing to do with me
It's got nothing to do (why does this keep happening to me)
(With you, It's got nothing to do)
(Don't know the reason people leave)
(With me, it's got nothing to do)
(Why does this keep happening to me)
