

# Touch Me

Günther

Touch me  
Touch me  
Touch me now (Ah)

Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine  
Touch me, touch me now  
Touch me, touch me now

(Mm) Full moon in the city and the night was young  
I was hungry for love, I was hungry for fun  
I was hunting you down and I was the bait  
When I saw you there, I didn't need to hesitate

This is the night  
This is the night  
This is the time  
We've got to get it right

This is the night  
Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine (This is the night)  
Touch me, touch me now  
Touch me, touch me now

Ah, touch me

(Ah) Hot and cold emotion, confusing my brain  
I could not decide between pleasure and pain  
Like a tramp in the night I was begging for you  
To treat my body like you wanted to

This is the night (This is the night)  
This is the night (This is the time)  
This is the time  
We've got to get it right

This is the night  
Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine (This is the night)  
Touch me, touch me now  
Touch me, touch me now (This is the night)  
Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine (This is the night)  
Touch me, touch me now  
Touch me, touch me now

Touch me, touch me now (Mm, Günther, you're so sexy)  
Touch me, touch me now (Yeah)  
Touch me, touch me now, yeah

This is the night  
Touch me, touch me

I wanna feel your body  
Your heart beat next to mine  
This is the night  
I want your body all the time (Yeah)  
Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine (This is the night)  
Touch me, touch me now  
Touch me, touch me now  
Touch me, touch me now (Ah)  
Touch me, touch me now (Ah)  
Touch me, touch me now (Yeah)  
Touch me, touch me now, yeah  
Touch me, touch me now  
Touch me, touch me now
